LITTLE WAVES / SOUND MOMS

Notice the Sound.

A little wonder. A little care. A moment together.

Our place: _____ Date: _____

01 Listen for three sounds.

What can you hear? Tell a grown-up, make a mark or write it down.

02 Draw one thing that caught your eye.

A colour, a tiny creature, a tree, a wave... what would you like to remember?

03 A little act of care.

What is one kind thing we could do for this place or for each other?

No need to finish every part. Looking, listening and wondering all count.

Stay with a grown-up near water. Leave plants, animals and natural treasures where you find them.
